

Come join us! La Leche League of South Bend has several informal gatherings each month. We are a community of mothers helping mothers as we explore all topics related to breastfeeding; the good, the bad and the ugly! So whether you are pregnant and looking for information, a new mother struggling to learn the art of breastfeeding or an experienced mother seeking support and camaraderie, we are here to help with information and support. Gatherings are free and open to all women and their young children.

1st Tuesday at 10AM
